BYLAWS

(Amended January 1, 2008)

ARTICLE I

Name and Location

The Club's name is "Gilman Springs RC Flyers". The Club is located in Southern California.

ARTICLE II

Purpose

The purpose of the Club is to provide a suitable site where members of the club may fly radio controlled model airplanes.

ARTICLE III

Membership

Section 1. Charter membership is limited to the original 40 members who joined to start the club. Charter membership entitles each founding member and any of his family to use the flying field and facilities, and to participate in club activities. Any member of a charter member's family may be granted Associate Membership. A charter member's family member can become a voting member by paying the yearly dues.

Section 2. Non-charter members' immediate (household) family members may be granted Associate Membership. Immediate (household) means that the family member is a "blood relative" or spouse, and he or she lives with the Non-Charter member. Associate Memberships can also be granted to people based on special circumstances. "Special Circumstances" include being a former Regular Member and having to curtail activity in the hobby due to health or other personal reasons, being an owner or senior manager of a Hobby Shop, or other special reasons deemed appropriate by the Board of Directors. Associate Members do not have a vote, do not pay yearly dues, and may receive Newsletters if deemed appropriate. Associate members are welcome to fly at the club Flying Field and participate in club activities.

Section 3. Any charter or non-charter member in good standing may bring guests to the flying field and allow them to fly there, but the member must always be present. Guests shall only be allowed to fly at the Field a maximum of three (3) times as non-members. Exceptions to this rule must be approved by the Board of Directors. Associate Members may not bring guests to fly at the flying field.

Section 4. A "Short Term Membership" may be granted to out-of-state visitors who are in the Southern California area for a short time, e.g., "SnowBirds". A flat fee of \$40 shall be paid by such a member for that "season" or "short period". Candidate "Short Term Members" shall be subject to the Application and Approval requirements stated in Article III Sections 9 & 10. Such members shall have the same privileges and restrictions as Associate Members, and shall not be counted towards the membership limit, if a limit is in effect.

Section 5. All members must have a current, paid AMA membership to remain in good standing in the club. Each member's AMA number, and their amateur radio license call sign if applicable, shall be kept on file in club membership records.

ARTICLE III Membership (continued)

Section 6. A membership may not be sold. However, a charter member may designate a member of his family as beneficiary. At the demise of the charter member, his beneficiary will become a charter member to take his place.

Section 7. Membership may be revoked for action contrary to the Bylaws or the Field Safety Code. For violations of Flight and Ground Safety Rules, the Grievance Procedure of Article XII herein shall be followed. In the event an individual membership is revoked, dues paid in for the current year are not refundable. The initiation fee is not refundable.

Section 8. The Gilman Springs RC Flyers Club was founded on the premise of maintaining a limited membership. It shall be the responsibility of the Executive Board to maintain this. The Board of Directors shall periodically review pertinent factors, such as membership participation and field use, to determine if there should be a membership limit and, if so, what that limit will be.

Section 9. In the case where there is no Club Membership Limit in effect, Candidate Members shall obtain a Sponsor, fill out all sections of the Club Membership Application, and turn the Application in to the President. The Club President shall sign and date the Application, then provide it to the Secretary. The Candidate and his/her Sponsor must then attend a Club meeting, where the Sponsor must personally introduce the Candidate. The members present at the meeting shall be given the opportunity to vote on the proposed candidate. An affirmative vote of a majority of those present at the meeting shall approve the Candidate for membership in the Club.

Section 10. In the case where a Club Membership Limit is in effect, and the membership is at that Limit, any member can recommend a person to be placed on the membership Waiting List. That person will be the Sponsor of the Candidate Member. The Candidate and Sponsor must fill out the Club Membership Application, and turn the Application in to the President. The Club President shall sign and date the Application, then provide it to the Secretary. When there is an opening to accept a new member, the Board of Directors, at their next Board Meeting, shall consider the Candidates who are on the waiting list. The Candidates shall be considered in the order that their Applications were received by the President. After a Candidate has been selected, the Candidate will be notified. The Candidate and his/her Sponsor must then attend a Club meeting, where the Sponsor must personally introduce the Candidate. The members present at the meeting shall be given the opportunity to vote on the proposed Candidate. An affirmative vote of a majority of those present at the meeting shall approve the Candidate for membership in the Club.
